2010 AGT Outstanding Achievement Award Nominations

Nominations are open for the 2010 AGT Outstanding Achievement Award. We are looking for those who are committed to furthering the field of genetics as demonstrated by their work, attitude and AGT activities. If you have a colleague who performs above and beyond the call of duty, nominate him or her for the AGT Outstanding Achievement Award today. All nominees must be AGT members. Please complete the form below and mail, fax or e-mail the information to the AGT Executive Office at P.O. Box 15945-288, Lenexa, KS 66285-5945; Fax: (913) 895-4652; E-mail: agt-info@goAMP.com. NOMINATIONS MUST BE POSTMARKED NO LATER THAN JANUARY 31, 2010.

Requirements:

1. The nominee works as or has worked as a genetic technologist (this does not include post-doctoral fellowships).
2. Current membership in AGT.
3. Current certification in cytogenetics, molecular genetics or biochemical genetics (CLSp(CG), CLSp(MB), RT(CG) or the equivalent).
4. A letter from the nominee stating accomplishments and contributions to the field of genetic technology with reference to the award criteria. The letter should state specifically how the nominee's expertise and contributions have furthered genetic technology.
5. Two letters of support from individuals familiar with the nominee's accomplishments.
6. Copies of relevant publications authored by the candidate (maximum of five).
7. A current résumé.

The Criteria:

1. Employment in the field of genetic technology. (Length of time and positions held.)
2. Consideration of total length of time as AGT member.
3. AGT service (past service on the AGT Board of Directors, Council of Representatives, committees and task forces, editorships, etc.). PAST service on these to be emphasized.
4. Presentations at the AGT annual meeting (featured speaker, workshop or breakout session presenter, platform presenter).
5. Other educational and continuing education activities (teaches genetic technology; gives seminars, workshops or lectures; other genetic technology-related educational activities).
6. Publications relevant to genetic technology, education and/or management (list all publications, including journal articles, books, posters, abstracts, etc.).
7. Development and/or implementation of new methods or procedures.
8. Other contributions to the fields of genetic technology.
